Практическая программа

C++ Developer. Professional

Подготовка к профессиональной карьере в IT
Разработчик на C++ с нуля до профессионала

Для выпускников вузов, 18 месяцев

Модуль 5. Современный C++

Тема 1
Основы. Старые и новые стандарты C++98, C++11, C++14, C++17, C++20

Дисциплины модуля

2D.01. Старые и новые стандарты C++

Структура кода: как пишут большие проекты: разделение на модули, библиотеки, пространства имен, namespace, using, inline, extern, static, anonymous namespace

Современные инструменты: system, conan, vcpkg, CMake, Ninja, Make, Visual Studio, Xcode, Clang, GCC, MSVC, Clang-Tidy, Clang-Format, Valgrind, Sanitizers, Coverage, Profiling, Perf, Flame Graph, Tracy, Optick, Intel VTune, Intel Advisor, Intel Inspector, Intel Trace Analyzer, Intel Cluster Toolkit, Intel Compiler, Intel Parallel Studio, Intel Distribution for Python, Intel Distribution for Linux, Intel Distribution for Windows, Intel Distribution for Mac, Intel Distribution for Android, Intel Distribution for Raspberry Pi, Intel Distribution for Arm, Intel Distribution for Xeon Phi, Intel Distribution for Xeon, Intel Distribution for Core, Intel Distribution for Atom, Intel Distribution for Pentium, Intel Distribution for Celeron, Intel Distribution for Quark, Intel Distribution for Edison, Intel Distribution for Galileo, Intel Distribution for Curie, Intel Distribution for Arduino, Intel Distribution for Raspberry Pi, Intel Distribution for Beaglebone, Intel Distribution for Pandaboard, Intel Distribution for Odroid, Intel Distribution for Cubieboard, Intel Distribution for Banana Pi, Intel Distribution for Orange Pi, Intel Distribution for Hummingboard, Intel Distribution for Cubietruck, Intel Distribution for Pcduino, Intel Distribution for Nanopi, Intel Distribution for Bananapro, Intel Distribution for Lemaker, Intel Distribution for Sinovoip, Intel Distribution for Bananapi, Intel Distribution for Pine64, Intel Distribution for Orangepi, Intel Distribution for Nanopi, Intel Distribution for Vim, Intel Distribution for Vim2, Intel Distribution for Vim3, Intel Distribution for Vim4, Intel Distribution for Vim5, Intel Distribution for Vim6, Intel Distribution for Vim7, Intel Distribution for Vim8, Intel Distribution for Vim9, Intel Distribution for Vim10, Intel Distribution for Vim11, Intel Distribution for
